

APRIL 2022

Dear, AiES Families and Stakeholders,

I cannot believe we only have eight weeks remaining to the end of the current school year. We have much to celebrate beginning with our Covid-19 mitigation protocols. We have significantly reduced positivity rates, which has allowed us to completely remain in session for the last month or so. Furthermore, many of our students met or exceeded their MAP Test projected target scores from the Fall to Winter administration. Finally, our breakfast and lunch menu are undergoing a much-needed redesign to ensure healthy, and organic student & staff dining for proper nutrition and overall wellness. We recently hired a chef who is working in conjunction with the chef from the Avi to create healthy meals all of our students will like. Please bear with us through this process to ensure the overall well-being of our students and staff.

Principal Eric
